TEAM REVIEW

Logistics
- Once per sprint, on final day
- 30-60 mins
- Facilitated by product owner with your support
- Share progress against Sprint goal and quarterly objectives

Useful questions
- What value were you focussed on providing?
- Who cares most about the work completed?
- Any blockers that impacted the iteration?
- Any dependencies needing close management?

Inputs
- Iteration / sprint goal
- Feature & story backlog
- Team capacity
- Flow metrics

Attendees
Product owner / manager
Dev team
System Architect

Outcomes
- Content for System demo
- Stakeholder feedback
- Data for reporting
- Transparency
